

GLOMUS CAMP 2015

General assembly

FUTURE GLOMUS

- GLOMUS to remain a non-burocratic network
- GLOMUS still a vision- and activity-driven organization

BUT

Changes are needed to secure long term sustainability, an organisation to suit the activities and clearer basis for decision-making

Sustainability

- Secure funding
- Institutional commitment
- Member institutions taking responsibility and acting pro-actively
- Distribution of workload

Proposed changes

- Institutions to sign Charter and MoU
- 3 types of memberships: Funding, Participating and associate members
- Funding members to form a group with rotating chairmanship and responsibility for GLOMUS secretariat
- General assembly appoints steering group with 8-10 representatives
